General Call for Action by the State Board of Arbitration.

Dennis Feehan Says There'll Be a Strike To-Night.

ALBANY, N. Y., Aug. 26.-The strike situation here has assumed a very dull spect. The strikers' headquarters are practically deserted, the only announcement issued therefrom this morning being a call for a union mass-meeting to-night at Schenectady, to be addressed by Mr. Wright, of the General Executive Board of the Knights.

Powderly and Hayes left for New York this morning, but their associates on the General Executive Board still remain

The Delaware and Hudson and the Central railroad officials say that the situation is continually improving.

Dennis Feehan, editor of the Independent Citizen, and a member of the Executive Board of D. A. 246, is authority for the statement that the general order for a strike of all the Knights of Labor on the Central road will be given to-night.

by an impartial tribunal is as much desired by the leaders and regarded by them as of equal importance with any action that could have been taken by the Terre Haute conference. The indorsement of the Knights' action by the Supreme Council of the Federation makes necessity of an official inquiry more imperative than ever. A DILATORY BOARD.

There is heard a great deal of adverse criticism upon the apparently dilatory course of the members of the Board. Chairman Donovan, of the Commission, has been active in endeavor to bring about mediation, but wholly without Success.
